

If everyone in the United Kingdom dropped one piece of chewing gum every week for a year, it could cover a distance of more than 24,900 miles long, the circumference of our Planet Earth.

CHEWING GUM - BIN IT!

A design by Nick Easton
for Early Learning HQ

On average,
one piece of
chewing gum
costs 3p to
buy, but costs
the local council
10p to clean
off our streets
