

Eliud says:  
'Now we've  
learned to grow  
food, we teach  
others!'

75% of Kenyans  
rely on growing  
their own food.

Poverty trap:  
A situation which  
makes it very  
hard for people to  
get out of  
poverty.

Poverty is not having things like: enough food, a home, education, healthcare, clean water, opportunities and protection from harm.

Life Expectancy:  
The length of time  
(usually measured in  
years) you might be  
expected to live in a  
country.

The life expectancy in Kenya is just 56 years - in the UK it is 80.
