

Icy Cakes

A perfect winter themed treat...

Ingredients

1/2 packet of puffed rice cereal or cornflakes
450g of chocolate
Desiccated coconut
Icing sugar

You will need

Little cake cases
Tray
Two bowls
Two spoons
Hot water

What you do

Set the cake cases out on the tray. Melt the chocolate in a bowl over a saucepan or bowl of hot water or on a low heat in the microwave.

While the chocolate is still warm, stir in the cereal and mix well. When the mixture is fairly stiff, spoon it into the cake cases.

Shape the mixture into little balls. Scatter the desiccated coconut or icing sugar over the cakes to represent the frost. Leave until the chocolate has set.

**...Also a perfect summer treat. For a summer theme, add coloured sprinkles on top or jellied sweets into the mix replacing the coconut and icing.*
