Friday 18 March

I don't know if you've been told about **Jinnat** who's five years old  
She lives in **a house** in a **crowded slum** with Billal, her dad, and Salma, her mum

She loves to dance and skip and sing and this **pink bag** is her favourite thing  
She has no books or toys to play and **eats the same things** every day

But thanks to **kids across the land** Jinnat's had a helping hand  
And now she has a nursery place, which puts a **smile upon her face**

She's learning how to **read and write**  
Which means her future's looking bright!

# Jinnat goes to Nursery

Jinnat is a five-year-old girl who lives with her family in Bangladesh.

Her father was paralysed in an accident at work and now her family struggle to pay the rent and buy food.

Thanks to a project funded by **Sport Relief** cash Jinnat is able to go to a nursery just a short walk from her home.

You can tell your little ones that the money they raise this Sport Relief could help other children like Jinnat go to nursery.

## Jinnat's House Activity

Jinnat lives in a tiny one-room house with her family. Ask your little ones to think about the kinds of things she does in her house and where she does them. How is Jinnat's home different from their own?

Mark out Jinnat's living space and ask them to think about what it would be like to live there. Where would they sleep? Where would they play? Download the full lesson plan at [sportrelief.com/jinnatshouse](http://sportrelief.com/jinnatshouse)
